

Arup, Oasys Ltd's parent company, integrates nhance

As of the 1st July 2013, Arup, the parent company of Oasys Ltd, has integrated the staff of nhance Engineering Solutions Ltd into Arup India Private Ltd. nhance was established as a joint venture to provide software development services back in 2004. nhance grew over the years and became a key developer and reseller of Oasys software in India.

The integration of nhance means that Oasys Ltd and Arup now have an office in Hyderabad, which will continue to undertake the software development and reselling activities. As well as Hyderabad nhance also have an office in Pune providing specialised services.

About Oasys Limited

Established in 1976, Oasys Limited is the software house of Arup, a global organization of consulting engineers, planners and project managers working in all areas of the built environment (infrastructure, transportation, water, vehicle engineering etc.).
